

New Style SALON

May 2013

Volume 1, Issue 1

We made it to May!

It finally is starting to look a lot like spring around here! We hope you are all having a great spring and that we've gotten to see you recently! We're excited to be sharing some before and after makeovers this issue, as well as some cool events our clients are involved in and our best tips for healthy hair!

Makeovers: Before & After

We all know that a haircut can make a huge difference in the way we look, not to mention the way we feel. Check out these before and after photos of some of our clients to get your own inspiration!

Before: After: By Fadia

Before After: By David

Events in Mid-Michigan: CACIL-ebriation!

May 16, 2013 5pm-9pm

The Capital Area Center for Independent Living, CACIL, is hosting dinner and a live and silent auction this month to benefit their organization. Some of our own clients are involved! It will be held at Chisholm Hills in Holt and will feature entertainment by Three Men and a Tenor. There will be dinner and a cash bar. The live auction will have golfing, parasailing, and Bed and Breakfast packages on Mackinaw Island and the silent auction will have theme baskets, gift certificates, and more! Tickets for the fabulous dinner are \$60 per person and can be purchased by calling (517)999-2760. Your support would go to CACIL programs and services for the disabled.

Triple Protection from the Sun: Aveda

It's about time to start doing some hard core yard work. And while it's good for the spirit to be out in the sunshine for hours it's not the greatest for your hair. If yard work makes your body sore the next day you can bet it's probably damaging your hair too! The sun can hurt hair by fading color and drying it out. Get long-lasting

protection using the Aveda Sun Care line. It's a three part defense and recovery system. The shampoo is for your hair as well as your body and it removes chlorine, salt and other build up. The 'Hair Veil' is a spray that provides protection from the sun for 16 hours. Finally the after sun hair mask "restores and helps repair sun exposed hair". Get yours in the salon today!

New Client Tips

Are you a new client that hasn't been to our salon before? We can't wait to meet you, but before we do here are a few good tips to be ready for your first visit!

1. Bring a picture!! Are you considering a new cut or color, or even just a different style after a trim? Bring a picture! It is so much easier to discuss specific angles, cuts, and color when there is a picture to look at. If you need some inspiration check out our facebook, client photos, or our pinterest account which features lots and lots of ideas! <http://pinterest.com/newstylesalon/>
2. Prep your hair! Or don't! If you are coming in for a haircut or color come in

with dry hair up or down. We will do a shampoo and style your hair after the cut or color, so you will leave looking great! If you are coming in for formal event styling come in with hair freshly washed and dried. This makes it easy to start on the styling right away!

3. Tell us what you like! We love to make your look completely you so please tell us how you like to wear your hair, what products and styling tools you use at home, what challenges you encounter with it, and what you love about it! That way when we style your hair it works when you go home and style it too!

If you need some inspiration check out our facebook client photos, or our pinterest account which features lots and lots of ideas!

Mother's Day Gifts!

Still need a mother's day gift!?

We have the best products for the moms in your life! We also have gift certificates if you want to pamper mom with a haircut, body treatment or massage! Hurry in, Mom won't be disappointed!

Trivia!

True or False:

Hair covers your ENTIRE body, even the lips.

Question courtesy of hairboutique.com

Look for the answer next month!

*Last month's answer:

b. 100,000 is the average number of hairs on the human head

See you soon!
